

## *A Message from the Premier*

*February 15, 2013*

*As Premier of the Province of British Columbia, I am very pleased to welcome everyone to tonight's celebratory dinner hosted by the Canada India Network Society (CINS).*

*The relationship between B.C. and India is an important one as we build together stronger cultural, economic, academic and social links to one another. This dinner presents a great opportunity to network and connect with community leaders while also celebrating our past achievements.*

*I commend CINS for organizing the Canada India Network Initiative in 2010 which has led to the establishment of a South Asian Health Institute in Fraser Health. Thank you for your leadership in facilitating this new program in B.C.'s health care system and we look forward to working with you in the future.*

*Please accept my best wishes for a memorable dinner tonight and I wish you continued success in the years ahead.*

*Sincerely,*
