**CINI 2018 Greetings from SFU President Andrew Petter**

Simon Fraser University is proud to co-host the Canada India Networking Initiative (CINI) 2018.

As Canada's 'engaged university,' with deep commitments to international and intercultural cooperation, we are delighted to welcome esteemed delegates from India. These include members of the Global Association of Physicians of Indian Origin who are attending as part of their mid-year global meeting.

The theme of CINI 2018, "Health and Civil Society," resonates with SFU, as do its pillars of health, social innovation and patient engagement. Our thriving Surrey campus is home to one of our most important collaborations, Innovation Boulevard. This one-square-mile innovation ecosystem combines university research, industry expertise and community knowledge to support the development of cutting-edge health technologies.

I hope your visit here is illuminating and engaging, and that you also find time to enjoy our beautiful campus and city.

Andrew Petter  
President and Vice-Chancellor  
Simon Fraser University
