South Asian Cardiovascular Risk Assessment Clinic

Research demonstrates that individuals of South Asian ethnicity are at higher risk of heart disease and stroke and at younger ages. The South Asian Risk Assessment Clinic in Brampton, Ontario, launched in 2010, provides risk stratification and primary prevention specific to South Asians. It is proudly one of the only clinics of its kind in Canada.

The Young
Investigator Award

SANSAR

We are proud to introduce the SANSAR Young Investigator Award in South Asian health.

This award will provide recognition and support to an outstanding young investigator whose activities are focused on the health of South Asians. Residents and Fellows in an accredited training program are encouraged to apply, as are Masters and PhD candidates.

Deadline: **July 31st, 2014**

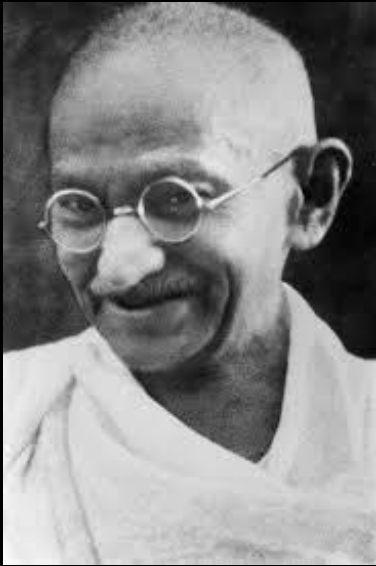

Visit **sansar.org** for more details!
